The Giganet cabling system has been designed & manufactured by industry experts who have over 15 years experience and knowledge on Infrastructure Cabling solutions. The Giganet Brand has been developed with stringent quality controls and the Installer in mind ensuring application performance and ease of termination.

With warehouse locations in the UK, Middle East & Africa, Giganet Networking Solutions have stock for immediate deliveries.

Our dedicated teams have a specialist level of expertise, to help with design, pre-sales and after sales support.

The Giganet Copper and Fibre systems support full convergence in an ever demanding workplace. The Giganet Brand is the best priced performance solution which is globally manufactured to exceed International cabling standards.

The Giganet Certified Installer training covers best practices in both copper and fibre with theory, videos, e-learning and practical sessions. This prepares accredited Installers to provide a comprehensive 25 years application warranty covering both products and labour.

Giganet Networking solutions provide the end-user with a 25 year system performance assurance and product warranty for telecommunications cabling systems that use Giganet cabling products and approved cable exclusively. The design and installation must comply with the Giganet Networking Solutions specifications and must be installed by a Giganet Certified Installer (GCI).

## FEATURES & BENEFITS:

### ▪ PRODUCT COVERAGE:

Giganet Networking solutions warrants that both the cable and connectivity products, at the time of delivery to the customer are free from defects in materials and workmanship for a period of 25 years from the date of completed installation.

### ▪ REMEDY:

Giganet Networking solutions shall, at its sole option, repair or replace any nonconforming product, including the cost to reinstall such non-conforming product provided the work is pre-authorized by Giganet Certified Installer and carried out by an approved installer.

### ▪ SYSTEM PERFORMANCE:

Giganet Networking solutions guaranties that the warranted system shall perform to the transmission performance applicable to the appropriate cabling Category and/or Class for the installed channels as specified in the published editions of ANSI/TIA/EIA 568 and/or ISO/IEC 11801 current at the time of the installation.

## LIMITS TO THE WARRANTY

No warranty is made with respect to a product if:

- Such product has been subject to unauthorised repair or alteration.
- Such product has been subjected to negligence, accident, misuse, abuse or improper storage.
- Such product has been supplied by any party other than those authorised to do so by Giganet Networking solutions.
- Such product has been proved to be counterfeit.
- Such a product has been occasioned by accidental or natural hazard, including flood or other water damage, or willful or negligent acts of others.
- Consequential or incidental loss or damages of any kind occur whereby Giganet Networking Solutions shall not be held liable.
- Giganet Networking Solutions will not be liable to settle any claim which exceeds the purchase price of the products and the installation.
